NOW OPEN

Domestic Glass was established in 1991 with a simple philosophy — to bring craftsmanship, quality, and innovation to every piece of glass that enters a space.

Over the years, this philosophy has guided our evolution into a professionally managed, full-scale glass solutions company trusted by architects, interior designers, builders, and premium homeowners.

From architectural and structural applications to interior, decorative, and performance-driven solutions, we specialize in delivering glass that enhances both functionality and aesthetics. Our offerings include façades, partitions, doors, profiles and systems, luxury fabric glass, bespoke installations, and customized glass concepts designed to elevate modern environments.

With decades of industry expertise, advanced capabilities, and a commitment to precision, **Domestic Glass** continues to support design visions of every scale — from residential to commercial, contemporary to timeless.

Our promise is simple:

quality without compromise, service without hesitation, and solutions that set new benchmarks in the glass industry.

Domestic Glass — Crafting Transparent Excellence Since 1991.

Thoughtfully designed. Precisely executed.

Banjara Hills, 2nd Floor, Zoom tower, Road No. 12, above HDFC Bank, Sri Ram Nagar Colony, Hyderabad, Telangana 500034
